

TLILIC0012 - Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above)

Superseded unit

Overview

This unit specifies the skills and knowledge required to safely operate a vehicle loading crane with a capacity of 10 metre tonnes or more. Vehicle loading crane means a crane mounted on a vehicle for the purpose of loading and unloading the vehicle.

This unit applies to the activities of a person operating a vehicle loading crane with a capacity of 10 metre tonnes or more, and includes applying load estimation and slinging techniques to move a load.

A person performing this work is required to hold a vehicle loading crane high risk work (HRW) licence.

This unit requires a person operating vehicle loading crane to plan the work, conduct routine checks, set up the crane, shift loads in a safe manner and safely shut down and secure the crane.

This unit is based on the licensing requirements of Part 4.5 of the Model Work Health and Safety (WHS) Regulations, HRW and meets Commonwealth, state and territory HRW licensing requirements.

Any alteration to this unit would result in a unit that would not be acceptable to work health and safety (WHS)/occupational health and safety (OHS) regulators for the purpose of licensing.

Entry Requirements

Applicants for this unit are expected to:

- Have a demonstrated capacity in learning, reading, writing, oracy and numeracy competencies to Level 2 of the Australian Core Skills Framework (ACSF). See [Australian Core Skills Framework](#).

The above requirements could be demonstrated by applicants in a variety of ways such as:

- Having completed secondary school to year 10;
- Verified references from an employer indicating that the applicant has demonstrated the above requirements in their workplace;
- Via an interview process that assesses the applicant's skills.

Work Placement Requirements

Not required

Licensing Requirements

Students must be over 18 years of age for High Risk Licence training

Upon successful completion of High Risk Licensing units, students are provided with a Tax Invoice to apply for their High Risk Work Licence. There is an additional cost to the student associated with the issuance of the licence, please visit www.safework.sa.gov.au for more information

Other Course Requirements

Students must wear full Personal Protective Equipment (PPE) including steel cap boots, long pants and long sleeved shirt at all times

TLILIC0012 - Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above)

Superseded unit
